Wishful Thinking!
2000 ~ 2001

Goodbye eighth graders, you guys were great.

Let's go seventh graders, yours on a role, just one more year and you're out of here.

Hey look up, sixth, yours moving on, just two more years and you'll be gone.

In the end everyone is one year older and one year wiser.

Everytime you open this book you will see just some of your memories of this year.

Good luck in the future and be all that you can be.

Jenn Moo
